Green oak lettuce

It is an excellent source of vitamin A, vitamin K, folate, and molybdenum as a very good source of dietary fiber, four minerals manganese, potassium, copper, and iron.

Red oak lettuce

Red leaf lettuce is a great source of antioxidants, in particular, anthocyanins, beta carotene, and vitamin C.

Cos Lettuce

Cos lettuce is a rich source of fiber and has very few calories as well as significant levels of vitamin K and vitamin C.

Frillice Ice Berg Lettuce

Iceberg lettuce is an excellent source of potassium and manganese. It also contains significant amounts of iron, calcium, magnesium, and phosphorus.

OUR CAFES

Welcome to The Zurich Farm Café & Restaurant

The Zurich Farm Café & Restaurant is a part of “Zurich Bread Café Chain” offering a creative “comfort” style menu influenced by seasonal, fresh local produce grown in our own farm area just next to the cafe. All menu items are prepared from scratch. We offer specially prepared homemade salads, appetizers, soups, breads and desserts along with our amazing entrees.

The philosophy of “farm to table” is to bring the freshness and safe ingredients to every dish served to our customers. Just like our artisan bread and bakery freshly made from our factory in Phuket with long fermentation process, it will ensure the uniqueness and highest quality of our food to every single menu.

We invite you to browse our website for more information about our restaurant and encourage you to contact us if you have any questions or would like to make a reservation.

“Respect for food is a respect for life, for who we are and what we do.”

Thanks for all customers visiting our farm and café. If you are impressed on what we are doing, please share your experience with your friends and family.
